### Project Proposal

Project Name:	
Student Name:	ID:
Demo Preference (choose one): <ul style="list-style-type: none"><li><input type="checkbox"/> <u>In-person</u> (<b>July 25th/July 28th/Aug 1st</b>) - You will be assigned a 10-minute slot to demo your project.</li><li><input type="checkbox"/> You will provide a demo video URL/file where you run your project and demonstrate the main features.</li></ul>	

Please read the **project instructions document** before proceeding.

The **project proposal** describes what you intend to accomplish over the remainder of the term for your course project. It should describe your website/web application. Use this project to build something that interests you!

- You can use bullet points to **describe your website's or web application's main features**.
- Optionally, you can include a mockup (drawn by hand or a UI design tool like Figma)
- I want you to be ambitious (but realistic) with the features you want to implement.
- Understand that this is a proposal, and *it is normal for you to change the project features as you work on it*. You will get to mention any changes you make in the final project documentation.
